INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

When the Electronic Application Submission Interface (“EASi”) was introduced for CAARP private passenger and commercial Plan risks, CAARP adopted the format of the countrywide EASi applications recommended for Plan use. Subsequently, CAARP private passenger and commercial EASi applications were developed. At that time, the Application Requirements sections of the personal and commercial parts of the Plan of Operations were not updated to correspond with the applications. CAARP was made aware of this following an examination by the California Department of Insurance Field Rating and Underwriting Bureau.

CAARP is proposing regulations that will amend the Plan of Operations for private passenger and commercial auto. These changes will mirror information that has been deleted or added to the private passenger and commercial auto applications. The changes to the Plan of Operations are in response to the Department of Insurance examination.

Section 23

A.4. is introduced pertaining to the applicant’s former addresses for the past three years

A.5. is amended to delete references to the length of time with current employer and introduces a request for the nature of the business.

A.22. is amended to request the name of any additional operator of the vehicle for rating purposes.

A.24. is introduced requesting information relating to any other vehicles owned by other members of the household.

Section 41

A.12. deletes the request for information pertaining to marital status.

A.19. is introduced requesting prior insurance information for applicants with a fleet of vehicles who are carriers of property and passengers.

COST OR SAVINGS TO ANY STATE AGENCY; FEDERAL FUNDING

The Commissioner has determined that the proposed regulation will result in no cost or savings to any state agency and no cost or savings in federal funding to the state.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES AND THE ABILITY OF CALIFORNIA BUSINESSES TO COMPETE

The Commissioner has initially determined that the proposal will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This proposal will have no effect on the creation or elimination of jobs in California, the creation of new businesses, the elimination of existing businesses in California, or the expansion of businesses in California.

IMPACT ON SMALL BUSINESS

The matter proposed herein will affect insurance companies and therefore will not affect small business (Gov. Code Section 11342.610(b)(2)).

SPECIFIC TECHNOLOGIES OR EQUIPMENT

The proposal would require that certified producers acquire internet access in order to offer immediate coverage.

ALTERNATIVES

The Insurance Commissioner must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.
